

How does it work?

Amazon.ae Gift Card

When you redeem an Amazon.ae Gift Card to your account, the funds are stored in your account and will automatically apply to your next eligible order. If you prefer to save your Gift Card balance for another occasion, you can deselect it as a payment method at checkout.

1. Locate the claim code.
2. Go to Redeem a Gift Card.
3. Enter your claim code and click Apply to Your Balance.

Note:

You can also enter your claim code during checkout.

1. Click 'Proceed to Checkout' after reviewing the items in your shopping cart.
2. Select your shipping address, and choose a shipping method.
3. Select the payment method by checking the box next to 'Use your X.XX AED Gift card balance'.

Note:

- If you select the Cash on Delivery payment option, the full amount will need to be paid to the courier and no amount will be taken from your Gift Card balance. Uncheck the box next to 'Use your X.XX AED Gift Card balance' if you would like to save it for another occasion.

1. Review your order details.
2. Click Place your order.

Note:

- If your order total is more than your Gift Card funds, the remaining amount can be paid for by credit card/debit card.
- You can't use a Gift Card to purchase other Gift Cards.
- In rare cases, your Gift Card delivery may take up to 24 hours.
- If you are having issues redeeming your Gift Card, visit our Gift Card Redemption Issues help page.
